

# V1.47.1 Release Notes

GoTechnology hub2

## 1. About this Document

### Purpose

This document provides a brief overview of the changes made between V1.47 and V1.47.1 of GoTechnology hub2, along with where further details of each change can be found within the updated functional specification, in addition to a listing of completed bug fixes and known issues.

## 2. Fixed Issues

The following issues have been fixed in version 1.47.1 of hub2

Case	Title [sic]	Details
102282, 102372	Can't download report with certain filters	Some reports could not be generated and downloaded when a Sub System Phase filter had been applied. If this filter was not used the reports downloaded successfully.  This has been fixed so that the Sub System Phase filter can be applied and the reports will download.

## 3. Features

v1.47.1 is a patch release so includes no new features.
