V1.49.3 Release Notes

GoTechnology hub2

wood.

1. About this Document

Purpose

This document provides a brief overview of the changes made between V1.49.2 and V1.49.3 of GoTechnology hub2, along with where further details of each change can be found within the updated functional specification, in addition to a listing of completed bug fixes and known issues.

2. Fixed Issues

The following issues have been fixed in version 1.49.3 of hub2:

Case	Title [sic]	Details
125920, 125870, 126197, 126244	White space in digital document PDFs	Users reported that some digital documents generated in PDF format contained large areas of white space between document sections. This has been corrected so that the next section is displayed immediately without a gap.
N/A	Sub System Filter not applied	The Sub System filter was not being applied to Tag ITR System Discipline Summary Reports or Tag PWL System Discipline Summary Reports. This has been corrected so that the results returned in the report are filtered to just those belonging to the selected Sub Systems.

3. Features

v1.49.3 is a patch release so includes no new features.
